

1. K-Love is heard in my local market on 91.1 FM. K-Love is the only station I allow my family to listen to because it is the only non-commercial station in my area that provides wholesome programming that I can trust.

2. If K-Love were to be displaced by a LPFM broadcaster, it would be a great detriment to the others in our local area who feel as I do about quality family radio programming.

3. K-Love serves the public interest because of the positive and encouraging message that is broadcast. K-Love is able to operate efficiently by using national staff to broadcast in local areas, which means that the funds that I contribute can be used to reach additional listeners and further spread the message of hope that they offer.

Please do not allow LPFM stations to take priority over the current FM translator service!
